

# CALL FOR SPONSORS and POSTER ABSTRACTS

## Ecosystem Risk Assessment in PNG Second Circular

14th-15th June 2010  
Madang Resort, Madang PNG

We welcome sponsors for the workshop and have three levels on sponsorship available. Key events are also available to sponsor during the workshop. Sponsorship provides exposure of your company to potential clients and supports the dissemination of important environmental information to users and regulators.

### GOLD SPONSORSHIP K20 000

- Your company name and logo will be placed on the sponsors page in the workshop material provided, on the workshop web site, and on the session welcoming screens to be displayed during the event.
- You will be entitled to provide promotional material for insertion into workshop satchels.
- You will also be entitled to **two free workshop registrations**

### SILVER SPONSORSHIP K10 000

- Your company name and logo will be placed on the sponsors page in the workshop material provided, on the workshop web site, and on the session welcoming screens to be erected during the event.
- You will be entitled to provide promotional material for insertion into workshop satchels.
- You will also be entitled to **one free workshop registration**.

### BRONZE SPONSORSHIP K5 000

- Your company name and logo will be placed on the sponsors page in the workshop material provided, on the workshop web site, and on the session welcoming screens to be erected during the event.

### Sponsor the poster session K2 000 (one only)

You are invited to host the workshop poster session. Your company name and logo will be displayed during the poster session and you may erect a company banner. The poster session will have a commentary that puts the poster topics in context of the meeting and during this commentary your company will be acknowledged as the sponsor for the event. The sponsorship will support the cost of the refreshments served during this event.

### Sponsor the dinner drinks K2 000 (one only)

You are invited to host the workshop dinner by contributing to the drinks. Your company name and logo will be displayed during the dinner. The dinner event will be titled to include your company name. There will be announcements during the dinner and your company will be acknowledged as the sponsor for the event. The sponsorship will support the cost of the evening drinks.

## POSTERS

Poster abstracts that complement the workshop theme are invited for submission.  
Please submit poster abstracts by the 30th of April 2010 to:

**[amanda.reichelt-brushett@scu.edu.au](mailto:amanda.reichelt-brushett@scu.edu.au)**

Submit your abstract in the following format:

TITLE: (14 point, Bold, Arial Font in capitals, centred)

Authors (12 point, Bold, Arial Font -surname, initials and presenting author underlined, centred)

Affiliations (superscript 1, 2 etc. on names and provide details of affiliations in 12 point, Plain Arial Font centred)

Text up to 250 words (12 point, Plain Arial Font)

Name your file by the surname of the first author and attach the word file to the email.

## **Ecosystem Risk Assessment in PNG Second Circular**

**A workshop on ecotoxicology-based risk assessment approaches  
consistent with the PNG Environment Act 2000**

**14th-15th June 2010  
Madang Resort, Madang PNG**

A workshop to provide professional environmental managers and assessors with basic tools and approaches for quantifying ecological risks from contaminants and developing precautionary principle monitoring and management strategies compatible with the regulatory environment in Papua New Guinea.

The workshop will include sessions on identifying, quantifying, and reporting risk using techniques such as ecotoxicology, site-specific species sensitivity distributions, impact matrices, and multiple lines of evidence approaches to optimise monitoring, reporting, and mitigation actions for environmental management.

Attending this workshop will assist your organisation engage in a valid and practical application of risk-based environmental monitoring and management under the PNG Environment Act 2000.

The workshop is relevant to:

- Regulators
- Environmental Managers
- Program co-ordinators
- Environmental Risk assessors
- Environmental Scientists
- Anyone interested in applying leading practice approaches to managing the impacts of contaminants on PNG ecosystems.

This workshop is designed by the Australasian Society for Ecotoxicology, a professional association of scientists from a wide range of disciplines contributing to the understanding of the interaction of chemicals and ecosystems (see [ecotox.org.au](http://ecotox.org.au) for details).
